

Item	Available kW	Nominal Load kW
Ventilation and Chiller systems	7,000	3,500
Pumping and Water Management systems	3,000	1,500
Hoists	3,000	1,500
Lighting and misc. underground utility power	1,000	500
Surface Buildings	1,000	500
Underground laboratories and experimental systems	1,000	500
Auxiliary power during new construction and excavation	4,000	2,000

Available and expected nominal values for major power loads of surface and underground facilities
